

TOPCALF EASY-CLEAN CALF BOX

Topcalf Easy-clean calf box with tiltable floor

The ideal calf box for calf and farmer!

With this calf box, mucking out your calf boxes manually is now in the past, as one simple move makes your floor tiltable and easy to clean! Furthermore, the castor wheels make it easy to move the box and the tubes under the side walls make it possible to easily lift and move the box with a front loader.

ADVANTAGES

Optimal climate for the calf.

Calves can stay in this box up to 8 weeks. Therefore the calf experiences less stress. This energy can be further to further grow up. In general, a calf that has grown well, will have a better first lactation as a cow.

Working comfort

By using a front-loader, the Easy-clean box is easy transportable. This way it is easy to muck out the calf box and bring it to the washing area.

Slatted floor

The calf box contains a slatted plastic floor. One simple move makes the floor tiltable. This way the box can be easily cleaned out. The box can be delivered with a solid or a 10mm slatted floor.

Divisible front fence

The Easy-clean calf box is standardly delivered with a divisible front fence. The divisible front fence makes it possible to feed the calve and leave the calf box at the same time.

The calf box is standardly delivered with: teat bucket holder with locking system, transparent teat bucket, double bucket holder with locking system, 2 drinking/feeding bowls (8 litres).
