

# TOPCALF DUO EASY-CLEAN

The Topcalf Duo Easy-clean is a calf hutch for 2 calves and is equipped with the innovative Easy-clean system. Thanks to the Easy-clean system, the floors of the box can be tilted in no time, making manual cleaning a thing of the past.

The Topcalf Duo Easy-clean is easy to lift thanks to the railings on the sides. The Topcalf Duo Easy-clean also has a removable partition, just like the Topcalf Duo-Flex. This partition allows the calves to be housed in pairs and thus enables early development of social behaviour.

The calf hutch is also equipped with 2-piece doors that make it possible to enter the calf hutch without disturbing a drinking calf. In the Duo Easy-clean hutch, the calves are always at a good height and well protected from draughts. Thanks to the castors, the calf hutch can also be easily moved by hand.

## PRODUCT DESCRIPTION

- ✓ Galvanised steel frame
- ✓ Plastic walls
- ✓ 2-piece front doors
- ✓ 4 castor wheels, of which 2 with brakes
- ✓ Easy-clean system
- ✓ Removable partition wall
